

PERSONALIZE YOUR PLASTIC STRAPPING

DYNARIC'S HIGH QUALITY PLASTIC STRAPPING CAN BE CUSTOM PRINTED USING OUR EXCLUSIVE 2 COLOR PRINTING PROCESS.

Printed strapping is an economical way to identify special products, display company logo and information or even for product security and more. Our sales representatives at Dynaric, Inc. will assist you to create the ideal printed strapping product for your application.

BENEFITS OF PRINTED STRAPPING

PRODUCT SECURITY

Creating custom printed strapping with your company name or logo makes your packages unique, therefore it will be easy to tell if your secured package has been tampered with, even if the package is re-strapped.

PRODUCT IDENTIFICATION

Some products do not use external packaging, such as compressed bundles, therefore it may not be possible to mark the product. Printed strap is the economical solution to mark your product with a company logo, name or slogan.

The ordering process is easy:

- Contact a Dynaric representative.
- They will help you design your printed strap.
- Once the artwork is completed we will send you a proof.
- After we receive an approval, Dynaric will create a special plate to run your custom printed plastic strapping order. **Your plate will be kept on file for future orders.**
