

ST-DIGIT LT/HT

BATTERY POWERED FRICTION WELD STRAPPING TOOL FOR PLASTIC STRAP

The ST Digit series of tools are compact, easy to use, and versatile for many strapping applications. The Digit tool incorporates some unique features for the tension and sealing areas that allow for precision operation. The ST Digit tool can be used with Ultraband, polypropylene, and polyester strapping from 3/8" up to 3/4" in width. Minimal adjustment of the tool is required in order to use different strap sizes. The tool includes one battery and the charger is sold as an option.
