

Heavy-Duty Portable Dispenser for Plastic Strap

This dispenser is designed for 16" x 3" and 16" x 6" coils of plastic strapping.

The spring loaded dispenser arm keeps constant pressure on the strap as it is dispensed, keeping the remaining strap tightly wound on the coil.

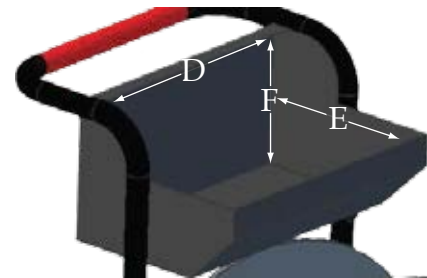

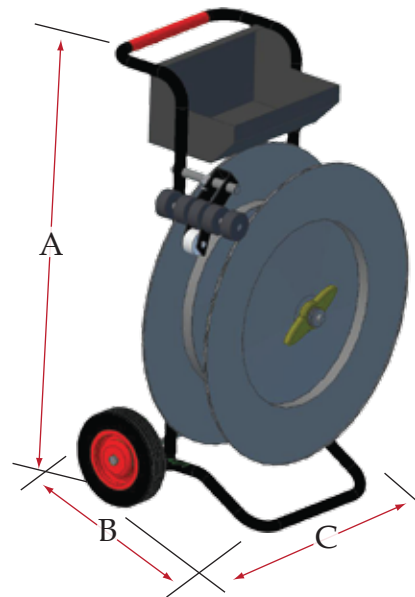

Heavy-Duty large wheels allows maneuvering the dispenser virtually effortless.

To help work more efficiently the PD20 has a large utility tray that can hold your hand tools and seals while you move your dispenser to your next job

BENEFITS

- Easy maneuverability
- Heavy-Duty frame
- Spring loaded strap dispenser arm keeps the strap tightly wound on the coil
- Large tray to hold your strapping tools and buckles
